Twitter: @watrl_li

The image contains two screenshots of the watrl.li website. The top screenshot shows a blog post titled 'It's a wrap!' with a sub-headline '2 months of watrl.li: presentation, conclusion and outlook.' It includes a small profile picture, a summary of the post, and a 'read more' link. The bottom screenshot shows a post titled 'Sensing the humidity of a plant's soil' with a sub-headline 'Setting up the sensor with the SAM R21'. It includes a small profile picture, a summary of the post, and a 'read more' link. Both posts are dated March 23, 2015. The website header features the text 'watrl.li Building the Internet of Plants' and logos for INET and RIOT.
